## REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary Dated June 6, 2008: "The Carrier did not make a legal denial of reimbursement because Surgery Specialty Hospital of America S.E. was not provided with a sufficient explanation or the proper denial to justify the denial of reimbursement of the disputed charges. In addition, the Carrier applied the incorrect reimbursement methodology to Surgery Specialty Hospital of America S.E's charges." "Carrier may reimburse at a 'per diem' rate for the hospital services if the total audited charges for the entire admission are below \$40,000, after the Carrier audits the bill pursuant to the applicable rules." "In this instance, the audited charges that remained in dispute after the last bill review by the insurance Carrier \$46,114.21...The prior amounts paid by the Carrier were \$2,236.00. Therefore, the Carrier is required to reimburse the remainder of the Workers' Compensation reimbursement amount of \$32,349.66, plus any and all interest applicable."

**Amount in Dispute:** \$32,349.66

## RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary Dated July 2, 008: "Requestor billed a total of \$46114.21. The Requestor asserts it is entitled to reimbursement in the amount of 75% of the total charges. Requestor has not shown entitlement to this alternative, exceptional method of calculating reimbursement and has not otherwise properly calculated the audited charges."

Response Submitted by: Flahive, Ogden & Latson

Respondent's Supplemental Position Summary Dated September 8, 2011: "Respondent submits this Respondent's Post-Appeal Supplemental Response as a response to and incorporation of the Third Court of Appeals Mandate in Cause No. 03-07-00682-CV...Based upon Respondent's initial and all supplemental responses, and in accordance with the Division's obligation to adjudicate the payment, in accordance with the Labor Code and Division rules, Requestor has failed to sustain its burden of proving entitlement to the stop-loss exception. The Division must conclude that payment should be awarded in accordance with the general *per diem* payment in accordance with 28 Texas Administrative Code §134.401 (repealed)..."

Response Submitted by: Flahive, Ogden & Latson, 505 West 12<sup>th</sup> Street, Austin, Texas 78701

Respondent's Supplemental Position Summary Dated September 26, 2011: "Carrier attaches as evidence Exhibit 2, the Affidavit of Dr. James Hood with excerpts of the Hospital's records submitted for this admission indicating his expert opinion that this admission does not involve unusually extensive services beyond what would be expected for such care. Therefore, the City assets that the admission fails the second prong of the Stop Loss test and should be awarded based on the per diem methodology, if any, in additional to any other defenses previously filed."

Affidavit of Dr. James Hood dated September 21, 2011: "After reviewing the documents attached as Exhibit B, I find that according to my experience, training and reasonable medical probability, the surgical procedures performed and described therein are not unusually extensive, but usual and customary procedures routinely performed for the described diagnosis."

## <u>Issues</u>

- 1. Did the respondent provide sufficient explanation for denial of the disputed services?
- 2. Did the audited charges exceed \$40,000.00?
- 3. Did the admission in dispute involve unusually extensive services?
- 4. Did the admission in dispute involve unusually costly services?
- 5. Is the requestor entitled to additional reimbursement?

## **Findings**

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 Texas Administrative Code §134.401, titled Acute Care Inpatient Hospital Fee Guideline, effective August 1, 1997, 22 Texas Register 6264. The Third Court of Appeals' November 13, 2008 opinion in Texas Mutual Insurance Company v. Vista Community Medical Center, LLP, 275 South Western Reporter Third 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services." Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each was given the opportunity to supplement their original MDR submission, position or response as applicable. The division received supplemental information as noted in the position summaries above. The supplemental information was shared among the parties as appropriate. The documentation filed by the requestor and respondent to date will be considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss method of payment. Consistent with the Third Court of Appeals' November 13, 2008 opinion, the division will address whether the total audited charges in this case exceed \$40,000; whether the admission and disputed services in this case are unusually extensive; and whether the admission and disputed services in this case are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that "Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold as described in paragraph (6) of this subsection..." 28 Texas Administrative Code §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 Texas Administrative Code §133.240(a) and (e), 31 Texas Register 3544, effective May 2, 2006, state, in pertinent part, that " (a) An insurance carrier shall take final action after conducting bill review on a complete medical bill…" and "(e) The insurance carrier shall send the explanation of benefits in the form and manner prescribed by the Division… " Furthermore, 28 Texas Administrative Code §133.2, 31 Texas Register 3544, states, in pertinent part "(4) Final action on a medical bill-- (A) sending a payment that makes the total reimbursement for that bill a fair and reasonable reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement); and/or (B) denying a charge on the medical bill."

The requestor in its position statement asserts that: "The Carrier did not make a legal denial of reimbursement because Surgery Specialty Hospital of America S.E. was not provided with a sufficient explanation or the proper denial to justify the denial of reimbursement of the disputed charges. In addition, the Carrier applied the incorrect reimbursement methodology to Surgery Specialty Hospital of America S.E's charges."

The division notes that the language of rule §133.2 applicable for the services in dispute differs from the requestor's statement above.

Review of the submitted documentation finds that the explanation of benefits was issued using the division prescribed form TWCC 62 and noted payment exception codes of "W1".

These payment exception codes and descriptions support an explanation for the reduction of reimbursement based on former 28 Texas Administrative Code §134.401. These reasons support a reduction of the reimbursement amount from the requested stop-loss exception payment reimbursement methodology to the standard per diem methodology amount and provided sufficient explanation to allow the provider to understand the reason(s) for the insurance carrier's action(s). The Division therefore concludes that the insurance carrier has met the requirements of applicable §133.240, and §133.2.

- 2. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states "...to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold." Furthermore, (A) (v) of that same section states "...Audited charges are those charges which remain after a bill review by the insurance carrier has been performed..." Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$46,114.21. The Division concludes that the total audited charges exceed \$40,000.
- 3. 28 Texas Administrative Code §134.401(c)(2)(C) allows for payment under the stop-loss exception on a case-by-case basis only if the particular case exceeds the stop-loss threshold as described in paragraph (6). Paragraph (6)(A)(ii) states that "This stop-loss threshold is established to ensure compensation for unusually extensive services required during an admission." The Third Court of Appeals' November 13, 2008 opinion states that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually

extensive services" and further states that "...independent reimbursement under the Stop-Loss Exception was meant to apply on a case-by-case basis in relatively few cases." The requestor in its original position statement states that "Carrier may reimburse at a 'per diem' rate for the hospital services if the total audited charges for the entire admission are below \$40,000, after the Carrier audits the bill pursuant to the applicable rules." "In this instance, the audited charges that remained in dispute after the last bill review by the insurance Carrier \$46,114.21...The prior amounts paid by the Carrier were \$2,236.00. Therefore, the Carrier is required to reimburse the remainder of the Workers' Compensation reimbursement amount of \$32,349.66, plus any and all interest applicable." This position does not meet the requirements of 28 Texas Administrative Code \$134.401(c)(2)(C) because the requestor presumes that the disputed services meet Stop-Loss, thereby presuming that the admission was unusually extensive. The division concludes that the requestor failed to meet the requirements of 28 Texas Administrative Code §134.401(c)(2)(C).

- 4. 28 Texas Administrative Code §134.401(c)(6) states that "Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker." The Third Court of Appeals' November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must demonstrate that an admission involved unusually costly services. Neither the requestor's position statements, nor the affidavits provided demonstrate how this inpatient admission was unusually costly. The requestor does not provide a reasonable comparison between the cost associated with this admission when compared to similar surgical services or admissions, thereby failing to demonstrate that the admission in dispute was unusually costly. The division concludes that the requestor failed to meet the requirements of 28 Texas Administrative Code §134.401(c)(6).
- 5. For the reasons stated above the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount* and §134.401(c)(4) titled *Additional Reimbursements*. The Division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.
  - Review of the submitted documentation finds that the services provided were surgical; therefore the standard per diem amount of \$1,118.00 per day applies. Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that "The applicable Workers' Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission..." The length of stay was two days. The surgical per diem rate of \$1,118 multiplied by the length of stay of two days results in an allowable amount of \$2,236.00.
  - 28 Texas Administrative Code §134.401(c)(4)(C) states "Pharmaceuticals administered during the admission and greater than \$250 charged per dose shall be reimbursed at cost to the hospital plus 10%. Dose is the amount of a drug or other substance to be administered at one time." A review of the submitted itemized statement finds that the requestor billed \$367.50/unit for Thrombin 5,000 unit. The requestor did not submit documentation to support what the cost to the hospital was for these items billed under revenue code 250. For that reason, additional reimbursement for these items cannot be recommended.

The division concludes that the total allowable for this admission is \$2,236.00. The respondent issued payment in the amount of \$2,236.00. Based upon the documentation submitted no additional reimbursement can be recommended.

## Conclusion

The submitted documentation does not support the reimbursement amount sought by the requestor. The requestor in this case demonstrated that the audited charges exceed \$40,000, but failed to demonstrate that the disputed inpatient hospital admission involved unusually extensive services, and failed to demonstrate that the services in dispute were unusually costly. Consequently, 28 Texas Administrative Code §134.401(c)(1) titled Standard Per Diem Amount, and §134.401(c)(4) titled Additional Reimbursements are applied and result in no additional reimbursement.

## **ORDER**

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
